DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance: The invention as now claimed is not disclosed nor rendered obvious in view of the prior art of record. As to independent claims 1 and 6, the prior art of record fails to teach or suggest, alone or in combination, the recited receiver, in which multiple desired signals are defined by a plurality of tunable bandpass filters, each tunable bandpass filter for filtering analog RF signals, wherein each tunable bandpass filter is used for tuning to a desired frequency, and a digital tuner capable of simultaneously processing only the multiple desired signals from said digitized signal.
3. Claims 2-5 and 7 are dependent upon claims 1 and 6, respectively, therefore, claims 2-5 and 7 are allowed.
4. Claim 8 is allowed for reasons indicated in the previous Office Action.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
